- Conduct yourselves with dignity and good sportsmanship.

Horse Handling

- Do not feed treats to any horses in the barn without permission of the owner.
- Clean up after you and your horse. Sweep your area when you are finished. Put all brushes and tack back where they belong. Clean up manure or urine from your horse. If your horse leaves manure in the arena, scoop it up and put it in the bucket in the corner. Please clean your crosstie area BEFORE removing your horse to go to the arena and BEFORE leaving the crossties again to put your horse back in its stall.
- Do not leave horses loose or unattended.
- DO NOT leave a horse/pony outside by itself if bringing your horse in. Horses must be paired. All horses should be led with a secured halter and lead rope at all times. Do not leave halters on for turnout.
- Do not walk horses through the "people door".
- Horses should not be left unattended while tied in stalls or in the crossties.

Please be safe, responsible, and considerate! Horses are wonderful animals, but even the best minded horses can act unpredictably and even dangerously at times. We like our clients and want everyone to stay happy and healthy! Please submit requests and concerns to management in writing. We encourage communication, and we will do what we can to keep everyone comfortable. Thank You!
